Drainage for underneath the J2409A Roundabout / R34-ETP-000A Trampoline has been included, this is to reduce the amount of standing water but does not ensure that standing water will not occur.

Based on a flat fully established grass site.

Wetpour guarantees are only valid when laid onto appropriate subbase with pre-cast concrete edging (PCC) to the manufacturer's specification. Wetpour guarantees will not be applicable when wetpour is laid onto any existing surface this includes (but not limited to) existing wetpour, paving slabs, tarmac & concrete.

Preliminaries have been included within your quotation, these equate to site setup, safety fencing, safety signage, welfare, offloading of equipment, storage & waste removal.

All pathways, furniture, planting, mounding and any other soft landscaping works not mentioned above are to be done by others.

Site must have grass cut and be free of weeds to allow for the installation of safety surfacing prior to Proludic's arrival
